## WEB DEVELOPER | SOFTWARE DEVELOPER

Fresh Computer Science graduate from Bohol Island State University – Calape Campus with hands-on experience in building full-stack web applications using HTML, CSS, JavaScript, PHP, Laravel, MySQL, Vue.js, and FilamentPHP. Skilled in creating user-centered systems to improve workflows and data tracking. Completed a development internship at AIA Philippines and led several academic projects. Passionate about learning, collaboration, and solving real-world problems through clean, efficient code.

## WORK EXPERIENCE

**Software Developer (Contract)**                                         May 2025 - June 2025

- Developed and deployed a fully integrated POS and Inventory Management System using Laravel and FilamentPHP
- Improved transaction accuracy and inventory tracking for daily cooperative operations
- Implemented role-based access control for admins, staff, and cashiers to enhance security and usability
- Collaborated with coop personnel to gather requirements and conducted a successful training session for system adoption

## SKILLS

- Attention to Detail
- Adaptability
- Team Collaboration

- HTML, CSS, JS
- Laravel, FilamentPHP, Vue.js
- MySQL, SQLite, PostgreSQL

## EDUCATION

**BS in Computer Science | BOHOL ISLAND STATE UNIVERSITY**          Aug 2021- June 2025

- Member – Digirati (BISU Coding Organization)
- Member – Confickers (Computer Science Org)
- Senator – Supreme Student Government, BISU Calape Campus

## INTERESTS

- Open Source Projects
- UI/UX Design Trends
- Tech Community Involvement
- JavaScript Frameworks (Vue.js, React, etc.)

- Web Performance Optimization
- Database Design & Optimization
- RESTful API Design
- Badminton

## AWARDS

- Leadership Awardee - Senator of Supreme Student Government
- User-Adopting Software Award – for thesis implementation
- Certificate of Excellence – for clarity and delivery of final thesis defense
